

This action is responsive to applicant's amendment/remarks filed 11/21/07. Claims 1, 2, 4-8 and 29-33 are pending.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Cancel claim **29**.

Authorization for this examiner's amendment was given in a telephone interview with Mr. John Lamming on 02/19/08.

The following is an examiner's statement of reasons for allowance:

The instant amendment has overcome the prior art rejections over Sotzing and Hsu for the reasons of record.

With respect to Pickup and Ohtani, the examiner respectfully maintains that these references may disclose or suggest the instantly claimed "aqueous dispersion". However, the prior art, either alone or in any fair combination, fail to disclose or suggest the instantly required aqueous dispersion comprising colloid-forming fluorinated polymeric sulfonic acid

Art Unit: 1796

and substituted polydioxothiophene (i.e. "with the proviso that at least one R" is not hydrogen").

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mark Kopec whose telephone number is (571) 272-1319. The examiner can normally be reached on Monday - Friday from 9:30 AM to 6:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Harold Pyon can be reached on (571) 272-1498. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
